

The CRAFTsman

Useful tips, news and information from James CRAFT & Son, Inc.

Spring 2011

Featured Project **Brethren Village Campus Redevelopment**

Three-year, \$110 million project allows client to continue its mission

Working closely with the owner and construction manager, CRAFT was involved in designs and budgets for this project more than a year prior to setting foot on the impressive site. Our in-house engineering and estimating efforts were led by Fred Craft and Mike Kearns; the project was managed by Jeff Ream and daily field operations were directed by Dave Arndt.

In the client's words, "This \$110 million building project is the largest in scope and size in our 113-year history and will enable us to continue our ministry of providing excellent care and service to seniors of all income levels."
