

President/Chairman's Message

As a member of the continuing care retirement community (CCRC) industry, Brethren Village and other

visionary communities are beginning to position themselves to respond to the preferences of the new generation soon to enter our communities. To be successful in serving this new generation, while continuing to tend to the needs of our current residents, will mean stepping back and evaluating how we do business. This will include evaluating those types of services we should be offering and how we should be delivering them.

During this past year, Brethren Village stepped back and made some difficult decisions regarding how we do business. Expense control measures were taken to strengthen our financial position. New team members were added providing a fresh perspective on how to more efficiently operate our ministry. We began to focus on developing new revenue streams for the organization. The steps which were taken are now beginning to demonstrate positive results as evidenced by the solid financial performance of the Village during the first quarter of this current fiscal year.

We also are developing new goals for Brethren Village to accomplish

for the upcoming year. These goals will focus on people, service, quality, financial performance, and growth and innovation. These goals which we set will be aggressive and will stretch the organization, but we also know that by concentrating on these core areas, Brethren Village will be in a position to successfully serve the generations to come. Future issues of the Villager will report on the various goals and the progress we are making in achieving them.

Exciting times are ahead for the Village. We recently received word from the United States Department of Housing and Urban Development that we were successful in our application for funding for the construction of a second 60-unit affordable housing apartment building designed for the aging and handicapped on our campus. Construction of these facilities is scheduled to begin as early as fall 2005. We continue dialogue with prospective land lease tenants for the development of 17 acres of property along Airport Road for uses complimentary to the current ministry of the Village. We are poised to approach Manheim Township with a new campus master plan which will define these and other much needed future building projects. And we continue to introduce new wellness initiatives designed to strengthen our residents' social, emotional, spiritual and physical well being.

Standing: Gary N. Clouser, NHA, President and Henry H. Gibbel, Chairman

Brethren Village will continue to look toward the future without losing focus of the residents we currently serve or the values of the past. We look toward you, our faithful partners in the church and community, to provide valued input regarding the strengths, opportunities and needs of our ministry. Be most assured we are extremely grateful for the support which you provide the Village and hope to have the opportunity to serve you as we continue on our mission of *"providing Christ-like care to support the aging process."*

New Member joins Brethren Village Board

Steven L. Edris was elected to serve a three-year term on Brethren Village's Board of Directors at the Village's annual members meeting on September 16th. Mr. Edris and his wife Marilyn live in Manheim and are members of the East Fairview Church of the Brethren where he teaches Sunday school and serves on the Building Committee. The Edris' have four children who range in age from 7 to 25 years old.

Since 1983, Mr. Edris has owned and operated Steven L. Edris Custom Contractor. His company specializes in the renovation and construction of new homes and light commercial buildings. He is also a member of the Lancaster Building Industry Association, the Pennsylvania Builders Association, and the National Home Builders Association.

*Pamela S. Formica
Vice President - Finance*

Financial Information

The following condensed financial information represents the statements of operations and balance sheets for Brethren Village and Affiliate for the years ended June 30, 2004 and 2003 as taken from the audited financial statements. My comments will focus on key elements of each financial statement.

Consolidated Statement of Operations

Resident service revenues increased over the prior year as a result of higher rates and volumes. We continue to grow the resident service revenues as evidenced by the increase of approximately \$1,467,000 or 7.5%.

Unrestricted contributions decreased by approximately \$193,000 to \$567,000 for fiscal 2004. This decrease is attributable to the level of bequests, an unpredictable element of development.

Investment income results improved by approximately \$444,000 from fiscal 2003 to fiscal 2004. This large swing is attributable to investment losses in 2003 and slightly better than expected results for 2004. The investment losses reported for fiscal year 2003 included about \$126,000 of interest and dividend income; about \$163,000 of realized losses on sales of

investments; and about \$223,000 of realized losses on an "other than temporary" impairment of investments. For comparative purposes, the investment income reported for fiscal year 2004 included about \$165,000 of interest and dividend income and about \$19,000 of realized gains on sales of investments. There were no "other than temporary" impairments recognized in fiscal 2004.

Throughout the organization, our salaries expense increased approximately 3% as we strive to remain competitive in our wages in a difficult labor market. Additionally, employee benefits for fiscal 2004 were 36% higher than in the prior year or about \$780,000. The majority of the increased benefit costs stemmed from our self insured health insurance plan and defined benefit pension plan. Expenses other than salaries and benefits remained relatively flat from year to year, reflecting an increase of about 4%. Interest expense decreased from fiscal 2003 as a result of principal payments reducing the amount of outstanding debt.

Consolidated Balance Sheet

The Village's current assets include a solid cash position as of June 30, 2004 and approximately 24 days in accounts receivable. Our investments reflect the market value as of June 30, 2004 and include investments held in our board designated, workers compensation trust, donor endowment, annuity, and uni-trust funds. During fiscal 2004, Brethren Village was named as a beneficiary in an outside trust whereby we are entitled to receive 10% income distribution perpetually.

The addition of our 10% interest, approximately \$729,000, is included in the financial line entitled "Other Assets."

Included with the liabilities section of the balance sheet is an estimated amount to terminate our interest rate swap agreement held on our 2000 bonds, specifically in the "Annuities and other liabilities" financial line. Because interest rates were bumped up slightly as of June 30th and the debt on which the swap is held is variable in nature, the amount required to terminate the swap agreement has dropped to slightly over \$1,000,000. Long term debt was reduced as a result of principal payments on our obligations. Unearned entrance fees dropped by about \$289,000 as a result of amortizing more of the unearned portion of entrance fees into income than collecting new entrance fees through unit turnover.

As we move into fiscal year 2005, I look forward to advancing the organization's vision statement: Enriching each life touched by our ministry so that "living begins with Brethren Village."

Financial Report

Unrestricted Revenues by Type

Expenses by Department

Condensed Statement of Operations Years ended June 30, 2004 and 2003

Revenues, gains, and other support	2004	2003
Resident services	\$20,855,745	\$19,388,948
