## President's Message

**W**elcome to the fall issue of the Villager. In this issue we are pleased to report selective events, which have occurred on our campus since the summer issue as well as upcoming events and plans for the Village's ministry. Cooler mornings and turning leaves signal a new season on our campus and articles included in this Villager also signal the beginning of a new season in the ministry of Brethren Village. I appreciate the opportunity to update readers on three issues reported in the last edition of the Villager.

Plans continue to move forward for the development of 60 one-bedroom apartments. This expansion, funded in large part by the U.S. Department of Housing and Urban Development (HUD), is now scheduled to break ground in early spring 2006. Architects Reese, Lower, Patrick & Scott have completed the building plans and a construction contract has been signed with Benchmark Construction. During the next few months we will finalize all remaining issues with HUD and the local municipality. We have invited residents and team members to contribute suggestions for the name of this newest apartment addition to our campus and we anticipate announcing the name shortly. We thank those who have supported this expansion of much-needed affordable senior housing and look forward to completion of construction and occupancy of this facility early to mid 2007.

Plans also continue to proceed with the development of 17-acres of property along Airport Road. The Village has entered into an agreement with U.S. Commercial Reality and Commercial Industrial Brokers, Inc. to market land leases for this tract. Signs have been posted on this site announcing the availability of land leases and the Village has begun discussion via our broker, with potential tenants. We continue to remain focused on development of this area in a manner that is compatible and complimentary to the ministry and values of Brethren Village. As these discussions progress to bona fide tenants, we will share additional specific information with you.

In a recent national senior living newsletter, I read, "repositioning of existing (continuing care retirement community) campuses continue to accelerate, with incremental expansion..." Consistent with this thought and as reported earlier, the Vision & Strategy Committee of the Board of Directors has evaluated various options regarding how to move forward with a long-range campus expansion and development plan in the most efficient and prudent manner. That evaluation has resulted in the Village entering into an agreement with Greystone Communities, Inc. to provide consulting and supporting services in the creation of a master development plan.

In this process, we intend to build upon previous preliminary work in creating a conceptual campus plan. As noted in our agreement with Greystone, "it is during this step in the planning process that specific resident pricing, conceptual design, financial analysis and transition planning work is defined and completed and a detailed marketing plan is developed. The plan is a comprehensive document that will provide the Board of Brethren Village with the information needed to proceed with the repositioning and expansion (of our campus)." While this process will take approximately six months to complete, we do anticipate outcomes will include the provision of inviting efficient health care and assisted living facilities as well as additional residential senior living accommodations. We look forward with great anticipation to sharing additional information with you regarding this planning process during the coming months.

Yes, we are entering a new calendar season as well as a new season of ministry on our campus. We enter these seasons with exceptionally dedicated, caring, and professional team members, a visionary and supportive Board of Directors, tireless and giving volunteers, and "the world's best" residents. As you have questions or comments regarding this "new season," please feel free to contact my office. We invite you to support the ministry of Brethren Village with your prayers and financial resources as, together, we faithfully seek our Heavenly Father's will for His ministry.

Thank you,

Gary N. Clouser, NHA  
President

## Financial Information

*Pam Formica / Vice President, Finance*

**G**reetings! During the past fiscal year and as in the past 108 years, Brethren Village and Affiliates continued to provide central Pennsylvania seniors with quality, compassionate care. The following condensed financial information represents the statements of operations and balance sheets for Brethren Village and Affiliates for the years ended June 30, 2005 and 2004 as taken from the audited financial statements. Comments focus on key elements of each financial statement.

### *Consolidated Statement of Operations*

Resident service revenues increased over the prior year as a result of higher rates, including the reimbursement from Medicare and Medicaid, and slightly higher volumes. We continue to grow the resident service revenues as evidenced by the increase of approximately \$1,032,000 or 4.9%.

Our other operating revenues, representing revenues from our coffee shop, child care center, and other miscellaneous sources, decreased by approximately \$92,000 during the fiscal year. Unrestricted contributions decreased by approximately \$83,000 to \$485,000 for fiscal 2005.

This decrease is attributable to the level of bequests and contributions - unpredictable elements of development. Net assets released from restrictions represents the transfer of earnings from our investments to subsidize benevolent care. The amount permissible by statute is a function of the average market value of our investments over a specific time period and a board elected percentage.

Throughout the organization, our salaries expense decreased by approximately \$970,000 as we experienced a shift in our complement of team members. In November 2004, we transitioned to a contracted team of rehab professionals for physical, occupational, and speech therapy services.

Additionally, our usage of agency staffing increased during this past fiscal year. Team member benefits for fiscal 2005 decreased by about \$212,000 or 7.2% in conjunction with the salaries expense decrease. Increase of approximately \$661,000 in expenses other than salaries and benefits resulted from the shift to contracted workers as previously described. Interest expense decreased from fiscal 2003 as a result of principal payments reducing the amount of outstanding debt.

### *Consolidated Balance Sheet*

The Village's current assets include a solid cash position as of June 30, 2005 and approximately 19 days in accounts receivable. Our investments reflect the market value as of June 30, 2005 and include investments held in our board designated, workers compensation trust, donor endowment, annuity, and uni-trust funds. Approximately \$1,300,000 of property and equipment was added to the organization's fixed assets.

Within the liabilities section of the balance sheet, our current liabilities increased by approximately \$276,000 as the result of the shift to contracted workers as noted above as well as capital related purchases of about \$116,000. Long-term debt was reduced as a result of principal payments on our obligations. Unearned entrance fees increased by approximately \$339,000 as a result of residential unit turnover.

As we move into fiscal year 2006, our organization and its team members share the goal of continued excellence in caring for our seniors. Together, we look forward to advancing the organization's vision statement: Enriching each life touched by our ministry so that "living begins with Brethren Village."
