

Why is it important that we provide the promise that Residents will remain at Brethren Village, even if they have exhausted their resources?

Because...when you are here you are family.

"What we appreciate most is that we see a genuine culture of caring and compassion at every level of Brethren Village. Between friendly Team Members and fellow Residents, we feel a strong sense of community, and we just love that."

-Steve & Kathy Focht
Residents

"My connection to Brethren Village started in 1977 when my mother moved to Founder's Hall. She was a Resident for 19 years. I got involved by serving on the Brethren Village Auxiliary. Now I also call Brethren Village home."

-Elizabeth Martin
Resident & former BV Auxiliary President

"Lancaster Church of the Brethren actually has a two way relationship with Brethren Village. With more than 70 members living at the Village, we both serve these members, and are served by them at our congregation as they play many important roles in the life of our congregation. It's a partnership that strengthens our congregation."

-Don Fitzkee
Pastor of Worship, Lancaster COB

"You know, society needs all of us to take more and better care of people, especially our seniors. We at Sodexo partner with Brethren Village to make every day a better day for all of the Brethren Village Residents that we serve."

-Tom Rogers
VP of Operations, Sodexo
