

Respite care is a short stay ranging from 3 nights to 2 weeks available to begin Monday-Friday. Respites are pre-planned and take at least a few days to put in place.

### Residents will receive the following services:

---

- 24-hour staff supervision and assistance with Activities of Daily Living including medication administration
  - Residents may not self-administer their medications.
  - Residents may bring prescriptions medications from home if they are in the original bottle.
  - Vitamins, supplements and anything over the counter will be obtained from Health Direct Pharmacy at an additional charge.
- Medical management by the Brethren Village Medical Director
- All meals with menu selection
- Housekeeping
- Laundry for a fee
- Recreational and therapeutic activities

### Steps:

---

- Contact Admissions if there's a need or interest in respite care.
- Admissions coordinates a medical and financial review to evaluate respite eligibility.
- After the eligibility and room availability is confirmed, the resident's primary care physician completes admission orders, which includes information like diagnoses, allergies, and medication orders.
- Respite care is a private pay service. Residents are responsible for a daily rate and nursing supplies as needed. On or before the day of admission, the resident will meet with Admissions to sign admission documents, and prepay for the stay by check, and provide insurance cards, Power of Attorney and Living Will.

### Provided:

- Private, fully furnished room
- Bed linens and towels
- Shower chair
- Landline phone, cable and Wi-Fi
- Oxygen as per physician's order

### Packing List:

- Clothing
- Toiletries
- Incontinence supplies as needed
- Mobility equipment
- CPAP as needed

*For questions or interest, please contact Admissions*
